DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see pages 5-8, filed on August 23, 2006, with respect to claims 1-19 have been considered and are persuasive. The limitations to independent claims 1 and 13 have not been found or suggested by prior art. The rejection of claims 1-19 has been withdrawn.

Allowable Subject Matter

2. Claims 1-19 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of the record disclose handsets secured to a cradle via a latch without the use of tool to remove the handset from the cradle. However, none of the cited prior art discloses or suggests directly or indirectly the limitation "wherein the first attachment prevents removal of the wireless handset from the cradle without use of a tool" along with other limitations of the claim.

Any comments necessary by applicant must be submitted no later than the payment of the issue fee, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
